Dear Liliana,

Thank you for attending the recent FINA Advanced School in Windsor, Canada.

Congratulations you passed the test with an excellent score of 91%!!!

Please be sure to start logging your judging activity. As explained there is a minimum of 60 hours judging activity required following the passing of an Advanced school and prior to enrollment in a Certification School.

Much information is also available at <http://www.fina.org/development>

Please be sure to keep up these records in the event your Federation wishes to nominate you to the FINA G list.

It was a pleasure to have you in the course and wishing you every success with your judging. I look forward to seeing you on a pool deck in the future!

Kind regards,

Diane
